Home Sweet Home

We didn't really want to hear the Marciano-Moore fight this evening anyway. What little of the message we received came through with great difficulty.

Fight night at our house never fails to produce a horrendous amount of feverish activity. Tonight our eldest is vocally reducing fractions, our youngest is reciting the adventures of a certain Captain Cook, something about the Northwest Passage and the Sandwich Islands. Even Mama, whom we suspect of giving up her painting in the fear of being known as a second Grandma Moses, is giving out with her Spanish lesson (adult education, Grossmont High School Class of '55). So-o-o, unwilling to be known as the only drone of the hive, here we go. Back to work!

We wonder what kind of a world this would be if every man knew that in some boy's estimation, he was a hero? We'll bet that even a dictator might ponder a bit before committing an obvious wrong.

ML—

We're not sure we even saw the cartoon, but we have a mental picture of a little ragged urchin leaning over the runway leading to the White Sox dressing room and with tears streaming down his dirty little face, addressed his idol, with the now famous quotation, "Say it isn't so, Joe, say it isn't so."

The scene of course refers to the infamous Black Sox Baseball scandal of another decade. The revered baseball idol "Shoeless Joe Jackson" was accused of accepting money to deliberately lose baseball games.

We can't all be great athletes or even qualify as Boy Scout leaders, but every man can be a friend of some boy and by so doing can be assured of a friendship that he will treasure forever.

There's a magic word in the American dictionary. It's the word spelled F-R-E-E.

It is an exciting word when it means what it says. It has its truest meaning in this paper's want-ad section.

Every week, FREE and without strings of any sort free merchandise is given to persons whose names have been selected from our subscription lists. It's a gimmick we want to get you to read our want-ads more carefully and at the same time help yourself.

Homer Streich Gets Nod From Hospital Board

Homer Streich, Grossmont resident, has been named to the Grossmont Hospital District board of directors replacing Herbert R. Bourrell who resigned last month.

Streich will serve the remaining term which expires January 1, 1957. He has been serving as treasurer for the board since he was defeated by Bourrell in 1954. Neither the board members nor treasurer receives pay.

Grove Racer to Vie for National Prize

—Lemon Grove Camera Photo

Here is the racer that the Kiwanis Club of Lemon Grove and local business people will send to Kansas to compete in the first national championship drag races at Great Bend.

Prettily perched atop the racer are Carol Wilson, 7872 Mt. Vernon and Sally Culver, 5040 Pine Street. Both are Helix students.

Drivers of the racer will be Gene McClendon and Jerry Baltes, both residing at 1914 Madera Street in Lemon Grove. The boys have won 38 trophies in the car which is a B class altered coupe with a '48 Mercury engine.

Bud Anderson, who operates a Union Station at the corner of Broadway and Buena Vista, where the racer has been parked for the past several days, has contributed time and money to the project and is, in fact, making the trip possible.

Anderson said that the races are for amateurs and prizes would consist of such things as engines, tires, tools and the like. No cash prizes are involved.

The races in Kansas will be held September 29 through October 2.

SCOUT SUPER SALESMEN TO SELL LOCAL PAPER

L. G. Camera Photo

Vista La Mesa Cub Pack 315 is going to sell the REVIEW to their parents, neighbors and friends to make money for their projects.

They will offer one full year's subscription to the newspaper for \$2.50 and keep a good portion of that money for their treasury.

This is the crew soon to be unleashed on the job. They are (standing) I. to R. Gary McGee, 7310 Waite Dr.; Dennis Thurstlund, 3880 Bass Street; and Kenneth Marsh, 3968 Hannibal Place.

Kneeling: Michael Arms, 3967 Massachusetts and Monty Keebler, 7166 Hybeth.

These Scouts will point out that the REVIEW carries news of the Vista La Mesa F-TA doings . . . and in pretty big sized quantities, too!

Broadway is in the works.

The REVIEW, two years ago, condemned the widening of Cypress Avenue with two "S" and

negotiated the Cypress improvement to aid business property at the Cypress-Imperial intersection.

A mass meeting was held by residents of Cypress and only part of the improvement was made.

Lucky Lemon Days to be a Week Long Event Starting October 10

By JACK BECKER

Chairman Abe Goldberg and his committee representing the Merchants Division of the Lemon Grove Chamber of Commerce are hard at work on preparations for the first gala "Lucky Lemon Days."

Ably assisted by assistant chairmen Ted Skelley and Bob Vaughn, with advertising being handled by Bob Pulliam, function head Goldberg has been holding weekly noon meetings at Michael's.

"Special emphasis on the advantages of suburban shopping in Lemon Grove's complete shopping district will highlight the Lucky Lemon Days celebration," according to chairman Goldberg. "Ease of shopping, wide selection, no parking meters, variety of shops and stores, no city sales tax, personalized service, and competitive prices will also be advertised on radio, television and in a wide newspaper coverage," he also stated.

During the week of October 10 through October 15, "Lucky Lemon Days" will be advertised on radio with spot announcements, and also on television with

A special meeting of the Merchants' Division of the Chamber of Commerce will be held Monday evening at 7:30 p.m., Justice Court Building.

Final arrangements for the Lucky Lemon Days will be decided. Some of the matters under discussion will be:

1. Tickets for free drawings.
2. Lucky Lemon signs for window displays.
3. Donors of gift certificates.

All participants in this campaign are urged to attend.

the appearance of a television personality in Lemon Grove on Saturday the 15th. There will be newspaper coverage over the whole eastern suburban shopping area including a "Lucky Lemon Days" special edition of the Lemon Grove Review on Thursday, October 12.

Chairman Goldberg urges the wholehearted support of everyone in Lemon Grove for this hard hitting selling promotion. "It is still not too late for merchants to be identified in this promotion by seeing Ted Skelley at the Highlander and contributing \$10 to the Lucky Lemon Days general promotion fund. Let us strive to make this the most successful promotion we have ever had in Lemon Grove," he remarked in conclusion.

Women Named to Head Block-by-Block Success Canvass

United Success Drive chairman for Lemon Grove, W. Earl Smart, announced that Mrs. George Teigen and Mrs. Andrew Rehberger have been named co-chairmen of the Geographical Section of the drive.

Mrs. Teigen is the wife of a gas and electric company employee. Mrs. Rehberger is the wife of an insurance investigator. Both families have been residents of the community for five years and both women are members of the Woman's Club Juniors.

Duties of the co-chairmen will be to organize a house-to-house campaign to solicit for the United Success Fund. A plan is underway to break Lemon Grove into block areas assigning members of their group into sectional chairmen, who in turn will assign workers to block sections.

Grove Pair Bags Two Deer, Pronto

Al Cole, cabinet manufacturer, and E. A. Taylor, retired warrant officer, had a perfect day at hunting last week.

The pair went to Pine Valley Friday evening, got up early Saturday morning, shot two deer within an hour and got back to Lemon Grove by noon. The deer weighed about 110 pounds each.

The Dimmer VIEW

By MAX GOODWIN

When the directors of the Grossmont Hospital District last week named Homer Streich to the board replacing Herbert Bourrell, their decision was one which I predicted several weeks ago.

Bourrell, elected to the non-paying office two years ago, would have stood for election in November, 1956. He quit to take a job with a 160 bed hospital elsewhere in the state. At the time Bourrell was elected voters rejected Streich who was running for re-election. The people in my area did so overwhelmingly, partially on my editorial recommendation. Streich, a lovable character in many matters, did not give up his association with the board, however. He managed to get himself appointed as treasurer, just to keep his hand in; this job being also without pay.

Streich and I almost came to blows in front of my office one day when we disagreed on the rights of the taxpayers to be informed on hospital district matters. Streich was at that time secretary-board member and he opined it was all right for county newspapers to suffer a news blackout of the board's action. This was before the hospital was started. That is not the case today.

An argument I offered at that time and since, (and to other public boards) was that Lemon Grove is not represented on the board although our community pays a large share of the hospital tax bill. This is the community's fault to a degree. Yet, the original group which later became the board was made up of other than Lemon Grove residents. This in itself stands off any Lemon Grove enthusiasm for serving.

Forms Auxiliary

The same source of energy that formed the district and the board from which too little energy was present to dig up a Lemon Grove board representative, had little trouble in generating enough energy to get our people to work and contribute via the hospital auxiliary. One of the most tireless auxiliary leaders, Mary Landesco, lives in Lemon Grove on Skyline Drive. When the auxiliary was formed we were told amid tears and bleeding hearts, that this, after all, was a community hospital . . . Lemon Grove's hospital.

But is it?

Didn't this same board turn down the application for staff privileges of a well known Lemon Grove physician-surgeon? The doctor, Gilbert Chassy, M.D., of 3288 Main St. is a licensed physician and holds staff status at other hospitals. He obviously has the professional education and training, license and ability to serve as a medical doctor and a surgeon, a profession he has followed successfully for the past 16 years. Yet he is theoretically denied full privileges and permission to treat his taxpaying patients in this tax supported hospital. This hospital is not owned by the doctors, the board nor the administrative staff. It is owned by other little taxpayers. That means that if Dr. Chassy were your doctor (and I understand he has a long list of apparently satisfied and healthy patients) it appears you could not enjoy full facilities of Grossmont Hospital because of the board's action. If it were a privately owned hospital there would be no question as to the right to serve on the staff being reserved for the owners to decide. I think the board hasn't a

Another Varied Program for Men's Club

The Men's Club heard Tom Warburton, principal of Grossmont High School, and Lewis Smith, superintendent of the high school district, tell of the needs for the new high school planned for Sweetwater Avenue at their regular meeting Friday at Michael's.

They also participated in a "farewell" party to Forrest Dokken, manager of the Lemon Grove Telephone Company. He is being transferred and promoted. Gordon Hough, telephone company district executive, William Rank, El Cajon manager and "Chuck" Muller, Dokken's successor, also took part.

More discussion on Lemon Grove High School will be held at the Club Friday, October 7. This Friday a newspaper talk in the interest of National Newspaper Week will be given by Max Goodwin, editor of the REVIEW, and an introduction of the problems faced by foster parents in relation to the welfare department by Mrs. H. K. Kohler, of the Foster Parent's Association.

Frenchy Faucher, Lemon Grove postmaster, will be chairman. The meeting is scheduled for noon Friday.

Arthur Eddy, San Diego County assessor, has been booked to speak Friday, October 14. He will discuss the so called arbitrary raising of county assessed valuation by the state board of equalization.

Eddy has incurred the wrath of the board by opposing state control of county assessments which has resulted in board member Robert McDavid calling Eddy "mentally-ill."

Board Says More Milk For Grove School Kids

All children in Lemon Grove schools will soon enjoy more milk in the cafeterias without an increase in price. The board voted Monday evening to endorse the one-third quart purchase from money made available, nationally, through the department of agriculture. Formerly, pupils have been receiving one half pint bottles. The program will be effective here when the larger bottles and cases are secured by the supplying dairymen. Pupils at the junior high are now included in the larger bottle distribution.

The board also authorized the purchase of a Maico Audiometer, a hearing testing machine. To be operated by Mrs. Genevieve Oliphant, speech correctionist, the device will assist both teachers and parents in identifying hearing losses in students. At present the program here includes vision testing and speech correction. With the use of the Audiometer, Lemon Grove will have a program comparable to those already established in surrounding districts.

In the interest of a nationwide study of educational problems, the board authorized Bert Betts, president, to attend the governor's conference on education to be held in Sacramento September 30 and October 1. Betts received an invitation from Governor Knight and will act as recorder for one of the discussion groups. Frank Armstrong, vice president, also will attend the conference as special representative for the San Diego County School Board Association.

Next meeting of the Lemon Grove School Board will be Monday evening, October 10, 7:30, at the Education Center.

A long time dream was realized recently when Mrs. R. T. Frazier presented Mr. and Mrs. Franz Schnaubelt with the first two cards for membership in the Vista La Mesa Parent-Teacher Association for the 1955-56 term.

These memberships were a gift of a friend, Mrs. Edward Kinyon, 4026 Violet St., a charter member of the unit.

After nearly ten years of marriage, a daughter, Karen Linda, arrived March 25 of this year, at the home of Mr. and Mrs. Schnaubelt, 4137 Massachusetts Ave., Vista La Mesa.

Franz remarked to Mrs. Kinyon, that now that he finally was a parent, he could become a member of the organization which she had so faithfully supported through their years of acquaintance.

Mrs. Kinyon, letting no chance escape her to interest others in Parent-Teacher work, paid for their first membership cards.

The membership drive of the Vista La Mesa unit will get into full swing Monday, October 3, when each child in the school will take home an invitation to their parents and friends to join the organization.

The drive will last for five days, Mrs. Frazier, membership chairman, announced. She also stated that she plans to keep the committee "busy as bees," because they had chosen the theme "Keep P-TA Hummin'" for this year's drive.

Artistic posters are on display in local business establishments, urging all interested persons to join.

Cash prizes will be awarded the three rooms showing the greatest percentage of parents joining.

A chart will be displayed on the bulletin board of the school, all week, showing the percentages of each room on the wings of giant size bees. The bee entering the beehive being the greatest percentage. The children show great interest in these charts as they watch the progress of their own particular room.

This promises to be an interesting race. A goal of 575 members has been set by the committee.

The members of the committee are: Mmes. R. T. Frazier, chairman; R. C. Alexander, president; Wallace Simms, Floyd Turner, Roy Bernhardt, W. B. Wilkinson, Ralph Brehl, Howard Waples, T. Ashley Locke, Lloyd Nelson, Robert Rether, Eugene Johnson, Peter Bakker, and H. K. Thursland. Also assisting is Clarence Allen, principal.

Name of Irrigation District to Be Changed to Helix

Official name of La Mesa, Lemon Grove and Spring Valley Irrigation District will be changed about July 1 of next year to Helix Irrigation District. Attorney Jennings suggested that the change in name be not made until after the bond election, avoiding confusion. It is thought that this change in name will be gladly received. It will certainly save a lot of writing in various instances.

Meeting of September 20 convened at 9 a.m. as usual, all members present except Director Levikow, who is foreman of the grand jury and had important business to consider with that body. The recent ruling by Judge Hewicker that the grand jury pass upon cases of persons charged with molesting children and issue indictments, thus bringing the matters before the superior court rather than have the complaining witness go through the ordeal of testifying before a lower court and have to repeat the testimony in superior court, will give more business for the grand jury.

There were 21 items on the docket all of which were acted on, in order.

Russell Segel was first on the list with a request that he be allowed to make a change in pipe size from six inch to four inch for a connection to make better circulation of water at his proposed new Segel Terrace addition. It was ruled that if the change was made before filing the map and under supervision of the district's inspectors it could be done legally.

Refunds on Assessments 11966 and 15645, due to collection of assessments more than once, were authorized.

Twenty-seven warrants totaling \$9,958.33 were approved. Bills ranged from \$3.04 to \$6,980.03, this last amount to S. D. Gas and Electric Co.

Four requests for large size meters were granted.

Rock 'n Ride for two inch meter to serve horse ring on Third Street between Madison and Lexington in El Cajon, approximately six acres of land. Connection on 12 inch bond issue line.

Request of Funston Johnson for 3/4 inch meter to serve two acres adjoining property belonging to Rock 'n Ride group on Third Street, for a veterinarian hospital and boarding kennels.

Request of W. E. Eldridge for 3/4 inch meter to serve 10 acres in Lot 7, Blk 13 S Tract, from 12 inch line on Madison.

Request of Glenn Farris for one inch meter to serve Arb. 1, Lot 7, Blk 2 S Tract, Rho El Cajon, a five acre tract on six inch main.

Mr. Shelton called board's attention to meeting of executive committee of state irrigation districts association at 10 a.m. Oct. 13, 1955, in Fresno. Shelton and Attorney Jennings have been attending these meetings in the past, found them valuable and informative.

Mr. Jennings suggested that members of the board would profit by attending, to get a bet-

ter idea of the workings of the bigger districts which control the policy of the association. Imperial Valley is one of the bigger districts.

Financial report for period ending July 31, 1955 was read by Mr. Miller. Too many big figures for this reporter. \$439,000 in cash on hand was all we caught. Any time the amount is over six bits we have to see the figures, and we never could read a published bank statement understandingly, though we published them at intervals for 20 years.

Mention of a possible claim for damages caused by a blowout of plumbing in a house being connected to a water line was made by Mr. Miller. He explained that the connecting crew hooked up to the wrong line and the increased pressure was too much, so the plumbing blew and maple floors were flooded. Not too serious.

Mr. Shelton recommended that the district place an order with the water authority for 5,000 acre feet of storage in San Vicente—2000 under the city-district account and 300 under the authority account. "We are now buying water from San Diego."

Final item on the docket was a letter from Ralph M. McKay re fishing at Murray Lake. It seems that the board had recommended that Murray Lake be closed to fishing for six and a half months, and McKay was kinda het up about it.

The members of the board, not being ichthyologists, thought that more information from an expert would be required. All seemed to favor letting anyone wanting to fish to do so. Their suggestion that the lake be closed was to allow the fish to propagate and make for better and larger fish. It seems that the raising and lowering of the water level has something to do with propagation of the finny tribe. After considerable discussion it was decided to invite information from various rod and gun clubs, before taking final action on closing the lake.

Expense of keeping the lake open is \$360 per month for one full time man with one man on half time to assist. Annual appropriation of \$18,000 is made, and licenses cost \$3 each, which helps cut the overhead. It was reported that considerable illegal fishing is done, meaning that no license is secured. The lake has been closed to the fishermen during the duck hunting season in the past, but that may be changed since few ducks patronize our facilities.

We noticed that Rube Levy had little to say about fish and we were tempted to suggest that if deer were to be considered he would be authority, but we kept still. Rube used to go deer hunting every year and bring back "a couple of bucks." He had a number of heads with horns mounted and in the store when he was proprietor of La Mesa Hardware.

CHIVALROUS PILOT

BOWMAN, N. C.—Alfred Miller, cruising in his plane over Highway 85 near here, happened to see Mrs. Ole Septon struggling to change a flat tire on her automobile, while other drivers whizzed by. Miller chivalrously brought his plane to a landing, helped her change the tire and was off into the blue again.

CONGREGATIONAL CHURCH HISTORY PRODUCED BY LOCAL HOUSEWIFE

Marie A. Herder, housewife, mother and writer, has spent considerable time in research to develop this four part history of Lemon Grove's First Congregational Church.

She suggests that those of you who are interested in local history might clip these articles and make a scrapbook.

By MARIE A. HERDER

In 1894, the year that Coxey's Army of 20,000 unemployed mid-westerners marched on Washington, the First Congregational Church had its humble beginning. The actual date was August 5.

A year earlier, probably to escape the sorry economic conditions that prevailed a Nebraska family, Mr. and Mrs. George P. Hall, together with their daughter, Gail, came to Lemon Grove and as they settled down in the balmy, beautiful climate of our community they began asking neighbors into their home to sing, pray and talk of religious subjects.

Later they were able to have a circuit rider—a minister who rode horseback from one community to another, conducting many services as possible in isolated communities. They met in the schoolhouse several months before the pastor, Rev. Isaac W. Atherton, suggested they organize a church, with 11 members—the Halls, Beidelmans, Wellings, Stiles, Mrs. Porter and Mrs. Baker.

Pastors from Congregational churches in San Diego, Poway, Flynn Valley, Alpine, Dehesa, Jamul, Spring Valley, National City and Chula Vista gathered on Sept. 11, 1894 and formally welcomed the little group into the Congregational Council, along with Alpine.

Miss Gail Hall is now Mrs. Winnick, a guest at Hilltop Chateau, and she tells that Lemon Grove at that time consisted of a depot, a store, packing house, and the schoolhouse which stood where the Jack Saunders family now lives. Most settlers were retired people who came to Lemon Grove to make a fortune raising citrus fruits.

Water via Flume

A wooden flume carried their water supply, and when it sometimes broke down, folks hauled their water in barrels to the thirsty trees. One family stored water in a low area back of the orchard for the cow and horses to drink. When Mrs. Hall wrote back to a married daughter in Nebraska, their cow would not drink the "dam" water her son-in-law decided if his mother was getting profane in the wild west, they should come back at once.

The entire community enjoyed the fellowship of the new church and records speak of much quiet happiness there.

Rev. Atherton asked for a rest in June, 1896, and Rev. F. A. Bissell took over his duties. There was a balance of \$68.25 due the good man, half of which he promised toward a church building fund, should the ladies be fortunate enough to collect it.

In September, 1897 a building was started and the church board applied to the Congregational Building Society for a grant of \$350. Four lots were sold for \$200 to J. B. West, who was hired to

construct the edifice. The new building was first used, unfinished, December 26, 1897.

Women Give Socials

Nine ladies of the church organized a Ladies Aid Society on April 16, 1897. They planned an ice cream social right away, to raise money for furnishings. All the women baked cakes, without mixes and electric mixers. They solicited for milk and eggs, bought sugar and ice, then cooked the mixtures, and froze them in old-fashioned freezers. Then furnishings had to be hauled in to the church, and serving began.

Every month the women had a social of some sort. They charged 5c for pie and coffee; 20c for oyster stew. They pieced quilt tops for 75c and made sunbonnets for 25c. It was a struggle to pay the minister and furnish the church building.

The first Sunday School records began Oct. 11, 1896. About 20 attended, and collections ranged from 4c to a dollar. Once in a while a small contribution such as \$1.23 was spared for the pastor's salary. When it rained there was no Sunday School.

The new church building was dedicated May 8, 1898 with pastors from the neighboring churches attending. The building cost \$975, including volunteer labor contributed.

In 1900 the Ladies Aid and Missionary Society met together.

In 1901 the trustees applied for a loan of \$200 to build a parsonage. The Grove was thoroughly canvassed, and aid was asked of the Congregational Building Society. In 1902 they asked Home Missions for \$195.

That same year the Ladies Aid insisted the trustees would have to make some arrangement to relieve them of the janitor work and Leo Beidelman agreed to take over for 10c per week.

Junior College Ball Highlighted By 'George' Liberate

San Diego Junior College's annual Inaugural Ball, held last Friday night at Mission Valley Country Club, was highlighted by the surprise guest appearance of "George" Liberate, brother of the famous pianist.

George accompanied Lynn Taylor of Channel 10, along with the Gay-Bon-Lin Trio. Other entertainment featured Jim Ethridge, ex-Helixer, on the steel guitar and Walter Thatcher, principal, presented Bob Turnbull, another ex-Helixer and present SDJC AS president, with the presidential gavel.

The ball was held from 9 'til 1 with dancing to the music of Joe Foss' 12-piece band around the poolside.

The affair called for dressy-dress apparel.

Politics is such a torment that I would advise every one I love not to mix with it.

LETTERS TO THE EDITOR

Dear Editor:

We wish to thank all those responsible for the success of the summer recreation program for our boys. Especially do we give a vote of thanks to the APC's of baseball, Mr. Allen, Mr. Poluzzi, and Mr. Calderone; they have given valuable training and guidance to the boys and we appreciate all they have done. Also, we wish to thank Mrs. Batchelder, Mrs. Alexander, and the others who taught the boys so many new crafts in hobby class. We were so fortunate in having such fine teachers for our children in Lemon Grove. Our boys will remember for a long time the trips to the beach and the mountains and profit by the experience of group participation. May the summer program continue for years.

Sincerely,
Coral and Paul Gritz

Carri's CORNER

The Best Climate on Earth may sound like a tall order to some, but we really HAVE it here in Lemon Grove and environs. Every day visitors from the East and the Mid-West drop in for gifts to take home and as we bid them good-bye and a prompt return, they confide in us that they hope to return soon to LIVE HERE.

Well, we have had enough Summer and we need some rain and now we start looking forward to Winter. So this is our last call to come in and get that paint and get the job done well in advance of any possible wet weather.

For your stucco house get Pittsburgh Cementide, which everyone has found so satisfactory. It will keep out the damp this winter and dozens more to come. Pretty, too!

And don't forget that the folks will come visiting during the Christmas holidays and that you must freshen up those rooms with Pittsburgh Rubberized Wall-hide. Our friends say that it goes on almost by itself. Many beautiful colors!

Three League Carnivals Feature Fun 'n Football

By R. TURNBULL
It took Chula Vista, representing the west along with Sweetwater and St. Augustine, to again tie up the Metro League's annual pre-season grid carnival held last Friday night at the Helix stadium.

The Spartans beat Grossmont 14-0 in the third period of a three-period "game." Dave Morrison, Chula Vista's fleet left half-back, broke loose on scoring dashes of 72 and 7 yards to tally for the Spartans. Grossmont was puncheon.

In the first "period" El Cajon edged St. Augustine in the escaping minutes to have the east ahead, 7-0.

The second 15-minute game saw Helix edge Sweetwater, 7-0, in Dave Olson's burst through tackle in the closing frame of the period. Rudy Rudzinski

Football Carnival Color Given By Mason

By CHAN MASON
Some 8000 fans witnessed a thrilling 14 to 14 tie between the east and the west in the second annual Metropolitan League Carnival last Friday evening at Helix High.

The El Cajon Braves and Helix Highlanders scored 7 to 0 victories over their respective rivals, St. Augustine and Sweetwater, while Grossmont lost 14 to 0 in their 15 minute struggle with Chula Vista, league champion the past three seasons.

The steady but unspectacular work of end Gail Bosotti and the downfield blocking of Ron Svalstaad is worthy of mention. The selection of plays by Helix quarterback Bob Schultz was exceptional for the first game of the season.

Grossmont, with its student body divided again by the formation of El Cajon High, is faced with a tremendous job of rebuilding, but with a bit more experience with the new system inaugurated by Coach Maynard, will be a definite contender for the Metro title.

Helix Field is a well lighted stadium. Ample parking is provided. Friday's large and well behaved crowd was handled with a minimum of confusion.

RETIRED NAVY OFFICER BUILDS DREAM HOME IN GROVE

Commander Craig puts the finishing touches to his do-it-yourself home on Loma Drive. — L. G. Camera Photo

Bruce Craig, a retired lieutenant commander, U. S. Navy, with 31½ years service to his credit, has accomplished his dream of many years and has built a home in Lemon Grove at 2304 Loma Drive.

Craig, born in Paducah, Ky., learned blacksmithing from his father, joined the Navy as an apprentice seaman April 9, 1917, came up through the ranks, with earned promotions as his study made him available for higher rank. He retired September 1, 1948.

He first visited San Diego in 1922, and decided that San Diego would be his home on retirement. In 1926 he married a San Diego girl, but in all his years of service he was never assigned to shore duty on this coast, being sent to stations on the Atlantic side. Probably that was due to engineering experience in the building of warships. Electricity was Craig's specialty.

Mr. Craig and his family (the Craigs have two sons) lived in North Park for six years after his retirement, but it was too crowded and in 1953 he and Mrs. Craig drove out to Lemon Grove and found a homestead, with sewer connections and suitable size, 100x150 feet. Inquiry of folks next door revealed that the lot was for sale and the owner's name, who lived in Pacific Beach, proved to be a former shipmate of Mr. Craig's.

The deal was made, Craig paying off the sewer bonds and he started planning his house. His Navy training had qualified him to design a battleship, so designing a house was easy. His plans were drawn to the last outlet—his house has 135 of 'em—and the materials were contracted for before he let a single sub-contractor. Craig acted as his own contractor throughout. Construction of the house started August 9, 1954 and was completed November 13, 1954. There are no wires strung across the front of the lot, all being run down the pole carrying the electric and telephone wires in a cable that runs underground to the rear.

Mr. Craig planned his home for comfort and allowed for plenty of closet space, mostly lined with Tennessee cedar, so moths are no problem.

A closet just inside the front door takes care of guests' wraps, and a large living room with dining room beyond greets the guest. A hallway provides access to the bedrooms, with continuous closet space, sliding doors and shelves lining one side.

Louvre windows, which are adjustable, like Venetian blinds, make ventilation perfect, no drafts and controlled cooling. There are only two conventional windows in the whole structure.

Two, three and even four-way switches control the lighting. Flip a switch and the light is on. Another flip, at the other end of the room, and she's off.

The kitchen is a joy to behold, with ample room, special appliances, a modern sink, dishwasher and every conceivable aid to easy housekeeping.

Outside the kitchen a large cemented porch, roofed with Alcyonite, which is a blue corrugated material, provides a refuge from the sun or comfort when the weather is cool. Off of this porch a large rumpus room, also cement-floored, gives ample room for dancing, and a door into the garage gives still more space for square dancing. The Craigs are fond of square dancing, you may have gathered. The cement floors are black and oh, so smooth. A cabinet with two machines to furnish dance music from records is installed, some of the records with the "calls."

Bruce L. Craig, elder son, 21 years old, 192 pounds, has completed his plebe year at Annapolis, expects to follow his father's footsteps in the Navy. He recently returned from a midshipmen's cruise to Spain in a destroyer. He brought as a souvenir a clock, made in Germany, that needs to

be wound only once in 400 days. This clock is enclosed in glass and the pendulum turns round and back, just as easy.

Clive Craig, the younger son, is now attending State College. He has not definitely decided on a career, but signs indicate that it will be the Navy for him, too.—D. H.

S. D. Knights Rally; Tip Phoenix, 21-13

San Diego Junior College's Knights made it two-for-two last Saturday night as they beat the Phoenix Bruins on their home field. The final score read: San Diego 21; Phoenix, 13.

The Bruins went ahead in the first period on runs by Willie McCoy, left halfback who is being primed for JC all-American, on runs of 72 and 7 yards.

Still in the first quarter Jesse Deny, Knight end, caught a sensational 72-yard aerial from quarterback Tom Tomaiko. The next play saw Art Powell smash through the middle for a 27-yard TD. Ray Speitel, center, converted the extra point.

In the second period Tom Tomaiko threw a six-yard jump pass to end Dallas Evans for another TD. Speitel converted.

Immediately following the half-time, Tomaiko again threw a TD pass to Evans for an 18-yard TD. Speitel again converted.

The Knights traveled to Phoenix by bus, an eight hour ride. This Saturday night the Knights meet a favored Long Beach Naval Station squad here in Balboa Stadium. Kickoff at 8 p.m.

In their last two games the Knights were underdogs, and both times they showed impressive power both on offense and defense, so anything can happen.—B. T.

Few Tickets Available For Hospital Harvest Ball

By MARY LANDESCO
Final details of the second annual Harvest Ball sponsored by Grossmont Hospital Women's Auxiliary—with Grossmont Hospital the beneficiary—have been announced by Mrs. Stanley Scott, general chairman, following a committee meeting recently held in her Brier Road home.

It will be welcome news to many friends of members that a limited number of tickets has been made available by returns. Those wishing tickets, said Mrs. Scott, should call Mrs. Alec Cory (HO 6-1734) or Mrs. Ralph Peterson (HO 6-3631)—invitations chairman and co-chairman—at once; preferably by Wednesday, September 28.

The date of the affair, as previously announced, will be Saturday, October 1; the hour, 8 p.m.; and the place, El Cortez Ballroom. Doors will be opened at 7 p.m.; dinner served at 8; dancing, to Merle Carlson's orchestra, at 9; and the presentation ceremony, which is a traditional feature of the Harvest Ball, at 10.

Bicycle Owners Warned

Claude Smith, deputy sheriff at Lemon Grove, warns that there has been another siege of bicycle thievery lately. He says the person or persons who take the bikes do not keep them, but just take a ride or two and abandon them.

"Stealing bicycles is a step toward making a thief of a child," says Smith. He pointed out it is a good idea, when purchasing a bicycle, to record the service number. He said another good idea is to have your bike padlocked. Very few bikes are stolen which are padlocked. "The price of a lock is much cheaper than that of a bicycle," concluded Deputy Smith.

Two Local Preachers To Head Leadership Courses

Two Lemon Grove preachers will have a part in the Christian Education Commission of the San Diego Council of Churches program in the 65th semester of the Leadership Training School scheduled for October 3.

Bruno Puschel, pastor of the Congregational Church, and Don Cooke, pastor of the Methodist Church, will each lecture a course.

Sports Roundup

In the Metro League Chula Vista remains unchallenged as a fourth repeat winner. This writer picks Sweetwater second, then Helix, Grossmont and El Cajon.

As far as the Avocado League is concerned it looks as though Oceanside will also repeat as they are rated the stoutest in the football race. They should finish with Escondido second, then Fallbrook, Coronado, San Dieguito, Mar Vista and Vista.

Again the picking for a City League winner will have to fall with the present pennant claimers, San Diego High School, with Hoover, Lincoln, Kearny, Point Loma, La Jolla and Mission Bay following in that order.

Although almost everyone would like to see JC and State win the top laurels, it's very difficult to do in these tough Western leagues. But we'll go out on a limb and predict a Metro league conference championship out of an eight-team league for San Diego Junior College. State should finish in third slot.

Dis 'n Dat . . . John Adams (Hoover star standing 6 feet 2 inches and weighing in at 245) might possibly be switched from fullback to end or tackle at UCLA . . . Helix's Ernie Merk and Oceanside's C. R. Roberts are playing good ball at USC . . . Sept. 30—Helix vs Kearny at Hoover Stadium . . . Oct. 1—Balboa Stadium, San Diego JC vs Long Beach Naval Station.

Helix Highlanders' coach is Tom Welbaum, last year's assistant coach. Last year Helix won five and lost three. There are 11 returning lettermen with good prospects. They use the split-T formation, have good passing, kicking and fair runners, plus depth and experienced ends. Helix is relatively weak at the center spot.—B. T.

GOLDEN P-TA SEES FIRST GRADERS LEARN TO READ

Those parents present at the September meeting of the Golden Avenue P-TA last week knew how their Susies and Johnnies learn their readin', writin', and 'rithmetic. Miss Marjorie Godwin picked some willing victims from the audience, and "taught" them beginning steps in reading as though they were her first grade pupils.

Mrs. Laura McBroom related the various methods used to teach arithmetic. Some of the methods are so much like games the children don't realize it's arithmetic they're learning.

Mrs. Alf Holmberg and John Pierson, membership and mens' membership chairmen respectively, urged the parents present to join the P-TA during the membership drive beginning Oct. 3.

Each membership will put a "feather in the cap" of the classroom of their child. A prize will be awarded to the room with the highest percentage of members.

The color guard of Girl Scout Troop 280 led the pledge of allegiance at the meeting's opening and Rev. Bruno Puschel gave the invocation.

Mr. Firth's room won the room count for the month.

Sixth grade mothers and mothers of special class students served refreshments at the close of the program.

Frank Stanley, Real Estate Old-Timer, Joins Local Firm

Frank R. Stanley, an old-time realtor, has joined the Lemon Grove Realty Co., it was announced this week by William "Bill" Parsons. Stanley entered the real estate business in 1912 when he joined Whitley and Whitsett, developers of San Fernando Valley. He struck out for himself in 1914 and came to San Diego in 1920.

For five years he worked at Convoir during WW II and then re-entered the real estate business in 1946. He went into the retail shoe business in Encanto seven years ago but kept real estate as a sideline. He sold his store in August and joined Bill Parsons this month.

New Brownie Troop Meets at Spisak's

The new, and as yet unnumbered Brownie troop that last year was an offshoot of Troop 1139, in Monterey Heights, had their kickoff party at the home of their leader, Sue Spisak, Monday, September 26. Games, fun, and refreshments were enjoyed by Marsha Mar, Sandra Kay Beardsley, Susan Parkhurst, Ronell East, Linda Gibbs, Sondra Spisak, Sharleen Ellis and Jane Cochran.

Co-leader Deanne East and committee mothers Janet Beardsley and Mary Ellis, and her young daughter Shannon were present to help send the girls off happily into their new Brownie season.

This livewire troop has a variety of fascinating activities lined up for this coming year.

Sozzanis Have Another Boy

An eight pound, six ounce son was born Saturday night at Grossmont Hospital to Mr. and Mrs. Lawrence Sozzani. The new son, Robert Matthew, will join his two brothers and a sister in the Sozzani home this week. Eagerly awaiting their first look at the new brother are Lawrence 9, Steven 6, and little sister Georgette, 3.

Mr. Sozzani is the owner-manager of the Allen Bail Bonding Agency, San Diego. Mrs. Sozzani, Vini to her many friends, is an active member of the Business Women's League and the Lemon Grove Woman's Club Juniors.

WOODPECKER WRECKS CAR

ADIAN, Minn.—When Arthur Kapnick's family became impatient with the incessant pecking of a woodpecker on a maple tree at dawn each morning, Kapnick refused to shoot the bird. Now he wishes he had. A big, dead limb from the tree fell on Kapnick's new car parked under the tree. The spot where the limb broke was circled with hundreds of woodpecker-pecked holes.

Speakers Available For Bond Issue Talks

Speakers will be supplied to any group, club or organization desiring information on the forthcoming \$2¼ million high school bond issue, J. C. Wilson, chairman of the Grossmont High School Citizens' Advisory Committee said this week.

The election is to be held October 14. Requests for speakers should be placed with the high school administrative offices. The telephone number is HO 6-4105.

More Advisory Committee Members Wanted

Further discussion of the forthcoming two and a quarter million dollar high school bond issue will be the main topic of discussion Monday when the Citizens' Advisory Committee of the Grossmont High School District meets in the Music Room of Grossmont

High. J. C. Williams, chairman of the C.A.C., said that more persons are needed to aid in committee work and that the meetings are open to the public.

Pacific Beach 'Amps' First in Poker Run

The recent Poker Run sponsored by the Spring Valley Hornets and running as far as the Siltan Sea, was taken by the Amps, Pacific Beach car club. Second place went to the Globe Pacers of San Diego.

In the field day contests, the Globe Pacers took first place in tire changing, and the Amps first place in parking. The Spring Valley Hornets took third place in all events. There were about 35 entries.

The Hornet members are working on their cars to get them in shape for further points in next season's drag strip runs. The season will start sometime after the new year.

More Teachers are Introduced As Series Continues

In a growing community, school enrollments and school staff members increase also. To acquaint the residents of Lemon Grove with the many new teachers on the rapidly extending roster of faculty members, a series of articles on school personnel is being featured. This is the second article which will present new teachers to readers. Last week the Review introduced the faculty at San Miguel. This week Golden Avenue School's teachers are featured.

Golden Avenue School

Miss Elaine Blanchard, first grade teacher at Golden Avenue, comes to this community from New York where she taught four years. A graduate of Lesley College in Cambridge, Mass., she holds a BS degree from that institution. Her background includes European travel, camp supervision, Civic Music Association work, and membership in both NEA and P-TA.

Another new first grade teacher at this school is Miss Joan Graves, a recent graduate of Colorado schools. She attended both Denver University and the University of Colorado, and holds a BA degree. In her first year of teaching, Miss Graves is a former member of Future Teachers of America.

Miss Linda Breedon, another first year teacher, instructs in a second grade at Golden Avenue. She comes here from Arizona, where she earned a BA degree at the Arizona State College at Tempe.

A third grade teacher new to the district is Miss Norma Brashear, a recent graduate of Arizona State at Flagstaff. Besides the educational interests evidenced by the BS degree she holds, Miss Brashear boasts a knowledge of clarinet, piano, and violin.

John Pearson, new fourth grade teacher, comes to Lemon Grove from the University of Colorado where he graduated with a BA degree. His interests are centered around both education and music, with piano, trombone, and voice listed as accomplishments.

Mrs. Evelyn Lauritzen returns to Golden Avenue as principal. Among staff members retained in the district are Miss Dorothy Pavlovee, Miss Zoe Scribner, and Mrs. Phyllis Bailey, kindergarten; Miss Marjorie Godwin, first grade; and Mrs. Ovella Mason and Mrs. Nancy Tuthill, second grade.

Also Miss Dorothy Sisti, third grade; Mrs. Laura McBroom, third and fourth grade combination; John Thumm, fourth grade; Bill Firth and Mrs. Alice Hacker, fifth grade; and Mrs. Loy Holmquist and Joseph Papin, sixth grade.

Next week another of the five district schools will be featured in order to acquaint parents and other school patrons with the certificated staff of the Lemon Grove District schools.

M. H. NEIGHBORHOOD CLUB NEEDS LEADERS

The Monterey Heights Neighborhood Club met at the home of the chairman, Mrs. Carol Davy, September 21, to set up the calendar of Girl Scout activities for the coming year. The meeting was well attended. Under the leadership of their most capable and businesslike chairman, little time was wasted as the important agenda was followed.

Although there are vacancies that desperately need filling, in the area of troop leadership, the club is off to a real bang-up start. The Monterey Heights Girl Scouts are in for a wonderful year as they rally around these willing and capable leaders.

GIRL SCOUT TROOP 334 GOES TO CORONADO BEACH

Saturday, September 24, Monterey Heights Girl Scout Troop 334 packed all their gear, food and troops and headed for the great out-of-doors at Coronado Beach where they enjoyed an over-nighter. Sue Hoffman, Lisa Norr, and Patty Smith added extra pleasure to the event by baking a cake for their leader, Mrs. Richard Hicks, in observance of her birthday. In spite of the colds that kept some members home, there was a good turnout, and everyone agreed the beach over-nighter was a success.

THE Community Cause!

We are being called upon to contribute to our Community Chest... the agency which does so much for our own community. The list of agencies the Community Chest aids is a lengthy one, a list which includes at least one, perhaps more, of certain activities which affect each of us. Community Chest is actually a banding together of a community, a united effort undertaken by a community to help itself, to make itself a better place in which to live. I think the most important indication of the scope of Community Chest is the representation among its volunteer group of workers. They come from every line of endeavor in a community, they band together because they believe in the future of their area and their rights as individuals to expect a steady record of improvement in its health and welfare. So, let us all band together to help our community and ourselves. Let's support THE community cause.

School children visit "Telezonia"

If your youngsters should come home from school some day soon talking about a fabulous land of puppets, here's what it's all about. An entertaining color motion picture called "Adventure in Telezonia" is now available to the elementary schools in this area. The movie is part of a special kit we telephone people have worked out at the request of teachers and with their assistance.

We lend the kit to schools to help children learn how to use the telephone correctly. This is important. For the kind of telephone service you enjoy depends a lot on the way you and others use the phone. So the good telephone habits "Telezonia" is teaching school children will help make telephone service better and more useful for everyone. Pacific Telephone works to make your telephone a bigger value every day.
